

We are back from National Reptile Breeders Expo in Daytona!!

Wednesday, 09 August 2006

Last Updated Thursday, 24 August 2006

The Show was a success!! We sold out of Hypopastels and came close to selling out of German Giants and Extreme Reds. It was great to meet Tammy from Draggintails, Jim from J&G Dragons, Damon from DK Reptile, Rob from TKO Dragons, Wendy from Georgia Bearded Dragons, Kevin from Sandfire/Dragons Den Herp and as always good to see Rob Dachiu and finally meet Vicki Dachiu.

We will try to post some dragons this weekend for sale. Keep your eyes open.

We will try our best to post Bearded Dragons this weekend.

We will post Yellow Transluents and Hets. F1 X Sandfire Transluents new blood is just what you need for a budding Translucent project. Looking for something to cross those F1 Transluents to!! We also have Imported German Giants crossed to an Orange Striped Translucent. We have all the combinations you need to get you started in the Translucent game.

We have REd Orange Hypopastels and the het hypopastels from some of the nicest Hypopastels on the market today!!

Come check us out this weekend!!
